The Best Sea Salt Sprays for Beautiful, Beachy Hair

“Davines’ This Is A Sea Salt Spray is a very strong sea salt spray for medium to thick hair,” explains Rob Peetoom hairstylist Linda de Zeeuw. “Spray it on damp hair before blow-drying and finish with a hot tool to create those beautiful beach waves.” She says that it’s also very nice for finishing a pompadour haircut given its long-lasting hold with a matte finish — so don’t be surprised if the shorter-hair folks in your life try to snag it.”
